

Class: Otters / Yr1 & 2
Summer term 2026

Broughton Bitesize

What your children are learning this term.

Computing

We will be exploring the exciting world of stop motion animation. We will learn how to create moving stories using photographs, develop our digital creativity, and design our very own stop motion clips.

UN article 16: Protection of privacy

PE

In PE we'll be focusing on getting ready for sports day by practicing our running and throwing ready for the big day!

UN article 24: Health

PSHE (Scarf)

'Growing and Changing'. Children will explore how they change as they grow, learn about healthy development, and discuss these important topics in their separate year groups in an age-appropriate way.

UN article 3: Best interests of the child.

English

Our new learning journey this half term is called 'A Walk Around London'. Otters will be learning about some of London's most iconic places, including Buckingham Palace, Big Ben and Tower Bridge, while discovering what makes this city so special. We will become city experts as we create our very own London travel guides, using knowledge to inform and inspire others about the wonderful attractions London has to offer.

UN article 28: Right to education

Geography

In Geography this half term, we will be exploring our exciting unit, 'Brilliant Beaches', where we will answer the question: Are all beaches the same? We will investigate different beaches, compare their features, and discover what makes each coastline unique.

UN article 28: Right to education

Maths

In Maths this half term, we will be consolidating all of our new learning from across the year and having plenty of opportunities to put our knowledge into practice. We will be revisiting key skills and building our confidence as we focus on measurement, including capacity and time, as well as geometry through exploring the properties of 2D and 3D shapes. Through practical activities, problem-solving and hands-on investigations, we will strengthen our understanding and celebrate how much progress we have made.

UN article 28: Right to education

Science

In Science this half term, we will be exploring the fascinating topic of 'Making New Plants'. We will learn how plants grow, investigate how new plants are created, and develop our scientific thinking through hands-on activities and exciting investigations.

UN article 28: Right to education

Music

We will be diving into our exciting new unit, 'Singing on the Island'. We will enjoy learning new songs, exploring rhythm and melody, and developing our confidence as performers while having lots of fun through music.

UN article 29: Aims of education

DT

We will be becoming designers and builders in our exciting unit, 'Constructing Windmills'. We will explore how windmills work, investigate different designs, and use our creativity and practical skills to build our very own working windmills.

UN article 29: Aims of education

RE

'Key events in Jesus' life'. We will explore important stories from his journey and discover why these events matter to Christians.

UN article 13: Sharing thoughts freely
