Dear Parents and Carers,

We are organising a Bright Futures Careers Event at Broughton School on Thursday June 27th.

The aim is to inform our young people about what they could aspire to do when they have been through education. We want to open up their minds to the range of varied and exciting opportunities that await them.

We would like the children to choose to speak to 3 or 4 people during the session, and be able to find out about their job and how this linked to the subjects that they were interested in school, or not as the case may be!

The aim of the day is that we can offer a range of jobs: vocational, specialised, practical, self- employed, corporate…. In fact, if you do it, we would like to hear from you.

You can volunteer to attend for a session, which suits your timings and we will organise the rest.

Please do get involved if you can, we would love to see you.

It is so important that children can see the purpose that their learning has and that we build their aspirations as well as their capacity to retain knowledge and pass exams.

Please fill in the slip below and return it to the school office.

Kind regards

Lucy Macey

……

Bright Futures Careers Event- Thursday 27th June 2024 at Broughton Primary School

Name:

Job Title:

Brief description of role (if applicable)
