The Living Rainforest

Dear Parents,

On Monday 22nd April Squirrels Class will be going on an exciting trip to visit The living Rainforest, an indoor greenhouse tropical rainforest located in Hampstead Norreys, Berkshire. This trip is linked to our topic, we will look closely at the animals that live there and we will be focussing on the Amazon Rainforest. It will give the children the real life experience they need to truly appreciate the difference in the environment and how the animals adapt and survive in this climate. The trip will also support the children in developing the children's confidence, self-esteem and independence, as well as being great fun and educational. They can have the freedom to explore, observe in the safety of a small facility and will also have a guided tour by one of the experts of The Living rain forest.

Your child will need to wear school uniform, with shoes that are suitable for wet, uneven and mucky surfaces. The tropical house is humid, please do not put any vests or under layers on, on this day. They have an outdoor play area for down time and will need a coat for this too. They will need a packed lunch and a **refillable** water bottle so they can rehydrate throughout the day.

We will be using Wheelers Coaches to transport the children to The living Rainforest. They will need to be at school by 8.40 and ready to leave at 8.50.

We would kindly ask for a voluntary contribution of £20 towards the cost of this trip.

Please complete and return the attached slip to the school office.

Kind regards

Mrs Hudgell
Class Teacher
