Phonics and Early Reading Parent Workshop

Dear Parents,

We are writing to invite you to attend our upcoming parent workshop on phonics and early reading on Monday 11th September at 3:30pm. At Broughton Primary School, we use Little Wandle as our systematic, synthetic phonics (SSP) programme to teach early reading and spelling. This meeting will explore why learning to read is so important, the details of how your child will learn to read and the importance of them reading fully decodable books. We will also give suggestions how you can support your child's reading journey at home.

We strongly encourage parents of reception and Year 1 children to attend the workshop in order to be able to ask any questions and in order that we can clearly explain the programme. There will be written materials, however these may not be as helpful, without the context of the meeting.

We do understand that some parents may not be able to attend but will be providing childcare for all children of school age. We do not expect the meeting to last more than 45 minutes.

Please fill in the slip below and return to school by Friday 8th September to confirm your attendance.

Kind regards,

Miss Ayers
