Autumn 1st half term

Broughton's sports news

New Sports Kit

This week an exciting delivery came! Using some of our sports premium money, we have brought a new sports kits for children who are taking part in competitions. The uniform includes a very smart jacket, top, shorts and socks that all match, which is modelled by Evie and Freddie in the picture below. The kit has our school colour (blue) and a strip of our federated schools colour (green). West Tytherley have also got a kit which is the same but with the opposite colours. We can't wait to use our new kit at the next event which is our football cluster competition on 15th

Interhouse Football Competitions This term we held two interhouse competitions. Otters went out with Squirrels. A few, brave Year 2 children were picked to be 'leaders' which involved them creating their own task to practise a football skills (dribbling, passing and shooting). We then split the children up and let them try all of the activities. All of the children tried their best with the challenges and I could really see the progress they have made since the start of term. There were lots of smiles at the end of the lesson and it was a lovely chance to work together with another class in the sunshine!

Cross Country- Winners for the third consecutive year!

On Tuesday 4th October, we took a group of year 3, 4, 5, and 6 children to a cross- country competition at Wallop Primary School. There was much anticipation before we arrived as we were currently the champions for two consecutive years. The competition was fierce and included a new course around the field. Years 3 and 4 had to run 2 laps and years 5 and 6 had to run an epic 4 laps. Everyone gave a huge amount of effort to their runs and tried hard not to stop. Although the course was tricky, Broughton gave it their all. I think part of their success was down to the excellent support from their peers and parents who cheered them on each lap. I was so incredibly proud with everyone who took part in the cross-country competition, and we were an excellent team!

In the Year 6 girls race, we managed to get two medals- 1st and 2nd (Hattie and Emily). Then the exciting news was announced - we had won the shield again! Another year of being Cross-Country champions! Well done to everyone involved.

Girls Football Festival- 18th October 2022

The girls had an excellent time at Wallop taking part in a festival of football. Mrs Devereux and her team from Andover college taught the girls lots of fun and exciting activities. The children were mixed in with other girls from the cluster and took part in lots of games. Miss Lee accompanied them and said 'the girls were gorgeous'. Well done team Broughton!

Playtime Activities This term we started our new playtime activities. The year 5/6 children are taking it turns to do lots of exciting activities for the rest of the school. They include netball, chess, art, ping pong, badminton, chalk, football, the sandpit, and construction. They have been enjoying the activities that are set out and it has helped the other children to find other things to do during break time.

Fixtures for next half term:

Date	Time	Where	Event
15/11	1-3pm	Wallop	Cluster Football Competition
