Broughton's sports news

Spring 1st half term

Cricket This half term we have been enjoying weekly cricket sessions-delivered by the 'Chance to Shine' Charity! There will be six sessions, which involve the children learning the basic skills of throwing, catching and movement. Our cricket coach Graham started the half term off with an exciting assembly explaining what we were going to be learning and why we would be learning it.. These sessions are excellent as the children are not only learning the fundamental movement skills that will support them in playing cricket, but it also teaches them the importance of listening, respect and teamwork.. Each session has a lot of opportunities to challenge yourself and try our best.

KS1 Gym Festival

On Tuesday 31st January, we went to a Gymnastics Festival at Test Valley Secondary School. Eight children from Otters Class were picked to attend. When we got there we got on different activities. Millie almost did a full cartwheel over a bench! The activities were: jumping off a bench, parading, travelling along a bench, performance and using ribbons. Lots of other schools went including West Tytherley. Zach's best bit was seeing everyone and also travelling across the benches. Millie's best bit was the cartwheeling. We had a lot of fun! By Millie and Zach

KS2 Gym Festival

On Tuesday 7th February, eight year 4 children attended the competition at Test Valley Secondary School. When we arrived, we had to go to different stations. They were all about gymnastics. There was a performance of a routine, bench work, jump work, skills on mats and learning to roll. Our performance went really well, we came fourth. Freddie's best bit was when he did a teddy bear roll because he couldn't do one before he went. Lillie's favourite bit was trying out new things. Everyone had a brilliant time!

Bikeability- Year R, 1 and 2

This half term the children have thoroughly enjoyed Bikeability sessions for a week. The teacher said that this was the best year R class he had ever worked with and that they were all very good cyclists. Lots of progress has been made during the week from learning the parts of a bike, how to be a safe cyclist, riding slowly, using our eyes and ears to remain aware, breaking and generally becoming more confident. Year 2 children will have the same opportunity, later in the year.

Fixtures for next half term:

Date	Time	Where	Event
