Broughton's sports news

What could you do over the Christmas holidays? You could do any of the following things:

1. Christmas run (e.g. dress up in a costume then go on a run).
2. Set yourself a timer and see how fast you can do 20 star jumps
3. Race against family or friends and see who wins (you could have a prize at the end)
4. Wheelbarrow races with presents involved!
5. A sack race, pretend you are presents in Santa's sack.

Girls Football at Wallop On Wednesday 17th November, a group of nine girls from year 5/6 had an exciting trip to Wallop Primary School involving practising football skills and finishing with three separate matches (friendlies). Our efforts were overseen by the students of Andover College and their coach. We participated in a variety of fun training sessions invoking learning midfield, defence and attack skills. We were sorted into six groups of seven with other schools. It was fun socialising with the other children and getting to know them. As the top of the school, we represented Broughton whilst playing a very enjoyable game. Undeniably, every single girl relished the game and played their hardest. The main objective of this festival was to encourage football throughout schools. West Tytherley, Wallop, Lockerley, Wherwell, Stockbridge and Broughton all really enjoyed it. Thank you Mrs O'Callaghan and Mrs Zipfell for helping transport the girls and Mrs Devereux for organising a fun event.

Football Tournament at Wallop On Wednesday 24th November, 9 children went to Wallop Primary school to participate in a Test Valley cluster school football tournament held by Lions in Community. The teams we competed against were: Wallop Primary, Stockbridge Primary, Broughton Primary, West Tytherley and Wherwell Primary. We each played four matches and a break. Our results were, we drew 1-1 against West Tytherley, won 4-3 against Stockbridge, won 4-0 against Wallop and lastly lost in our final game against Wherwell 4-2. Our year 5/6 team were Billy G, Ethan E, Phoebe E, Emily C, Dylan C, Jacob F, William H, James P and Scarlett T (who kindly played for West Tytherley). At the end of the competition, the results were announced, with 5th place awarded to Wallop, 4th place awarded to West Tytherley and then it came to the top three. As we drew points with Stockbridge, it came down to goal difference were Stockbridge beat us, which meant that we were awarded 3rd place with Stockbridge in second and Wherwell in 1st place. Although we all thoroughly relished in the four matches and were very happy with our place. By Emily C and William H.

Netball at West Tytherley On Thursday 11th November we had a friendly tournament between the two schools and the children had a brilliant time. The netball games were very competitive but everyone had excellent attitudes. We played some matches as schools and some matches mixed up. The children reported that they loved it! They are looking forward to hosting West Tytherley in the future!

Playtime Update

At breaks we try to ensure everyone's safety and happiness. If anyone worries about playtime we try to sort it out in the best ways we can. We make sure everyone has someone to play with or has something to do during break. There are many more things to do (e.g. drawing, colouring, timber trail and ping pong. The duty bearers take care of anything that happens at break time and lunch play.

Netball Club Update We interviewed Emily Chapple about the changes in the netball training. She said that she likes doing it and that everyone gets a go during training. This afterschool activity makes people more confident and active. If you join netball no one expects you to push yourself over your limit. We try to help you be the best you can be. Miss Morris is the netball coach and teaches children to improve their netball skills

New Age Kurling update:

We interviewed Katelyn and asked her a few questions. She said she really enjoyed it and would like to do it again. Her favourite part of the club was to throw the counter at the target. They did a little tournament between the 2 teams, red team and blue team. The overall winners were the blue team with 5 points to 4.
